L606 5-Digit Scheme - Standard Mail, First-Class Mail, and Package Services Parcels

L606 lists the 5-digit scheme sort for Standard Mail machinable and irregular parcels (excluding ECR irregular parcels), First-Class Mail Presorted parcels, and Standard machinable and Non-Standard parcels destined for multiple 5-digit ZIP Codes served by a single delivery unit.

Use of the 5-digit scheme sort for parcels is always optional, including when 5-digit sortation is required for rate eligibility. When used, all parcels for the 5-digit ZIP Codes shown in Column A must be combined in a 5-digit scheme sack(s) or on a 5-digit scheme pallet(s) labeled to the corresponding destination shown in Column B.
